Financial Policy

Patients with Non-Contracted Insurance Carriers

- Patients with non-contracted insurance carriers will pay in full at the time of service.

- A driver's license or government-issued ID card is required to verify that we are providing services to the appropriate person and to protect our patients from identity theft.

- For patients with non-contracted carriers that allow "out-of-network" provider care, we can submit a claim for you on an unassigned basis. Your insurer may then directly reimburse you for a portion of allowable charges, as specified in your policy. **We can give no promises, written or implied, regarding the amount of reimbursement you may receive from your insurance carrier.** Procedures that are not medically necessary are considered cosmetic and will **not** be submitted for insurance reimbursement.

- Your insurance policy is a contract between you and your insurance company. It is your responsibility to know what services your health insurance covers, and to contact your insurance company with any coverage issues.

- We accept cash, check, or credit cards. There will be a $25.00 fee for any checks returned due to insufficient funds.
